Hospital Information

The HIFU procedure will take place at:

King Edward Memorial Hospital

7 Point Finger Road

Paget DV04

Bermuda

Phone: 441-236-2345

The HIFU procedure takes place in King Edward Memorial Hospital, an acute care hospital that strives to exceed the needs of patients while providing a professional and rewarding environment for physicians. This is a private hospital that will have experienced staff devoted to providing HIFU while you are there.

The day before the procedure you will meet with a HIFU team member to go over instructions for the treatment day and what to expect after HIFU. This meeting will take place at King Edward Memorial Hospital in the main lobby at 5pm the night before the procedure. You will need to take a taxi from the main lobby of the hotel to the hospital for this meeting. It should cost around \$20-\$30. The hotel is about 15 minutes away from the hospital by taxi.

On the day of the procedure you will be picked up from the hotel and transported to the hospital. Upon arrival at the hospital, you will enter a small waiting area where you should wait until you are assisted by a HIFU nurse. During the procedure, spouses/partners or friends who accompany a HIFU patient will wait in the waiting area until the procedure is over and the patient is in recovery. We recommend bringing magazines or books to read while waiting. After the procedure and recovery, transportation is provided back to the hotel for a more comfortable recovery.

Things to See & Do in Bermuda

Bermuda offers an array of exquisite beaches of pink sand and turquoise water. The sand contains pink flecks that are the remains of a tiny organism known as red foam. This combined with tiny particles of broken shells and bits of coral create the pink hue of Bermuda's beautiful beaches.

Bermuda has a number of parks and trails spread across the island with the Railway Trail running from St. George's to Somerset, the thread connecting many of the parks. The Railway Trail is used by locals and visitors for walking, cycling, and various tours.

No matter where you travel in Bermuda you are never too far from a museum or fort featuring the art, history and culture of Bermuda. The island's rich history is recorded in museums from St. George's through the City of Hamilton and on to Somerset and Dockyard, highlighting everything: art, china, maps, paintings, carriages, stamps, maritime and underwater objects that highlight Bermuda's turbulent seafaring days.

Additional local attractions include
