The HIFU procedure takes place in Galenia Hospital, a modern hospital that offers an unmatched level of service to both patients and physicians alike.

The hospital is about 15-20 minutes away from the hotel depending on traffic. On the day of the procedure the patient is picked up from the hotel and transported to the hospital. After the procedure and recovery, the patient is transported back to the hotel to recover more comfortably. Before the procedure, patients receive instructions with a specific time to meet in the hotel lobby to be picked up.

The day before your procedure you will meet with a HIFU Team Member to go over instructions for the day of your procedure and what to expect after HIFU. The meeting will take place in the lobby of the hotel, the day before your procedure. You will receive a specific meeting time once your treatment is confirmed.

Upon arrival at the hospital **on the day of your procedure**, check in at the Emergency Room desk. There you will be met by a HIFU representative to give you further instruction and direction.

During the procedure, spouses/partners or friends who accompany the patient will wait in the waiting area until the procedure is over and the patient is in recovery. The hospital has a full service cafeteria and coffee shop. There is a multi-story shopping mall with a movie theater and restaurants located three blocks away from hospital. A short cab ride from the hospital to the shopping center should cost \$3-5 (US).

Travel Information

Travel by Air

Cancun International Airport (CUN), recently expanded by 500,000 square feet, is located outside the city of Cancun at kilometer 22 of the Cancun- Chetumal highway. **You will need a valid passport to travel to Cancun.** Please make sure your passport is updated and does not expire within 6 months of the day you plan to travel.

There are several ways to arrange transport from the airport to the hotel. You, the patient, are responsible for making your own transport arrangements ahead of time or hiring your own taxi upon arrival.

Transportation to and from the airport is done mostly by taxi. Upon clearing customs & immigration you will pass through an area filled with time-share and tour representatives eager to show you different packages outlined on their clipboards. Unless you are interested in either time shares or local tours, keep walking until you arrive at the TAXI stand at the end of the hallway. The cab ride should only last about 20 minutes.

If you would like to arrange transportation prior to arrival, you have two options:

1. You may choose to contact Abraham Cuevas Lopez. He can be reached via email: abraham_fk@hotmail.com or valeriafk@hotmail.com; or via cell: 011-52-1-998-841-9163 (dialing from the U.S.). Please provide all contact information to him, including flight information, airline, flight number, number of passengers, hotel in Cancun, and telephone contact information.
2. You may also choose to contact Cancun Taxi (www.CancunShuttle.com) to pre-arrange transportation from the airport to your hotel. This type of service gives you the convenience of a Private Transfer at a fraction of the price. Contact Cancun Taxi at 1-866-922-6286 or by e-mail at contact@cancunshuttle.com

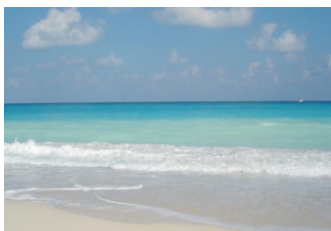

Please make sure you inquire about the fare or cost in advance. Depending on baggage and number of persons, the fares should vary between \$25-50 (US).

The easiest way to get around in Cancun is by taxi. You can always ask the concierge at the hotel to call you a cab. Most drivers will accept US dollars, but they will only give change in Mexican Pesos; therefore, we recommend keeping small bills with you for cabs.
